

State-of-the-art facilities and grounds

The college has undergone an extensive renewal program, with new facilities that include:

- a Junior Village of modern Years 7, 8 and 9 buildings
- a Senior Village dedicated to supporting senior students
- a specialist Science, Technology, Engineering and Maths (STEM) Centre on each Campus
- an Arts Learning Area with studios for Ceramics and Photography
- dedicated Performing Arts Centres and Gymnasiums
- healthy food canteens
- leafy grounds and gardens
- every student equipped with an iPad or Netbook

Principal's message

Keysborough College is a place where learning is valued. It is an environment that encourages students to come to school and learn. The continued success and excellent results of our students is a testament to our positive learning culture.

Teachers focus on working with students to achieve their academic, sporting and cultural goals. We help our students become confident successful learners and place a very high emphasis on academic achievement, homework, and student behaviour.

The collaborative approach to teaching and learning, and modern state of the art facilities provide a positive learning environment where our junior and senior students have the best opportunity to succeed in their studies.

John Baston
College Principal

Programs that encourage academic **success**

We place a high emphasis on academic success and offer many programs that help our students to achieve their best:

- a priority focus on Numeracy and Literacy across all Key Learning Areas
- a dynamic responsive curriculum taught by specialist staff
- an emphasis on student leadership, study and behaviour
- study skills, actively managed homework and classwork programs
- extensive course and career counselling
- a new and enhanced Year 7 Transition Program
- a wide selection of Victorian Certificate of Education (VCE) subjects
- a leading language program including the Confucius classroom and Exploratorium
- work experience that delivers real and valuable learning

Students and parents **support** our school

Through government surveys, our College parents and students rank us very highly in the important areas of:

- providing a stimulating learning environment
- relationships, and feelings of safety and wellbeing
- student morale and classroom behaviour
- reporting, extracurricular activity and homework management
- students feeling connected to the school and motivated to learn

Opportunity to develop **individual** talents

A diverse array of extracurricular activities and programs foster individual talents and interests:

- outstanding Music and Performing Arts that include Music for every student, public concerts, productions and music camps
- a comprehensive Visual Arts Program
- participation in Australian Subject Competitions in Chemistry, Science, Maths, and Debating
- Beacon Foundation Pathways to Business Program that helps students to plan their future
- numerous camps, excursions and overseas tours
- breakfast and lunchtime clubs and activities
- a highly successful and varied sports program.
- our STARS Program which supports high achieving VCE students

Results where they count

Our senior students complete college with the opportunity to fulfil their potential and follow their dreams:

- all Study Scores including Chemistry, Specialist Maths, Physics and English are consistently above like schools
- our VCE, VET, and VCAL completion rates are excellent
- consistently, a significant number of our VCE students gain ATAR scores of over 80
- over 80 per cent of senior students go on to tertiary studies
